City of Pflugerville Initiatives and Policies

Economic Development

http://www.pfdevelopment.com/downloads/PCDC_Renewable_Energy.pdf

The City of Pflugerville's economic development program is working to attract businesses that are well suited for the area, will add substantially to Pflugerville's overall quality of life, and will create employment opportunities in both the corporate and retail sectors. Clean energy is a target industry.

Green-Red Barn

<http://www.cityofpflugerville.com/index.aspx?NID=1311>

Pflugerville's Green-Red Barn project was highlighted in the SECO (State Energy Conservation Office) newsletter as a renewable energy project. The publication titled Pflugerville's project as Renewable Energy at Work – Pflugerville said, "This Renewable Energy at Work project includes a demonstration of renewable energy for the City of Pflugerville's Park and Recreation setting. The installation provides electricity to a new barn and lights one-half mile of hike and bike trail. The trail has a solar/wind system, located on a picnic shelter sub-station. The barn employs a Photovoltaic (PV) system and wind generation system. Photovoltaic cell converts sunlight directly into electricity."

Drop by Drop Landscaping Rebate Program

<http://www.cityofpflugerville.com/index.aspx?NID=1244>

The purpose of the DROP BY DROP Rebate Program is to actively promote easy efficient, economic and environmentally sound water use and conservation.

City of Pflugerville Recycling

<http://www.cityofpflugerville.com/Archive.aspx?ADID=2533>

On Wednesday, July 1st at 7:00 p.m., the City opened its first Recycling Center. The facility is located at the City's wastewater treatment plant (2609 E. Pecan Street, next to the Travis County Northeast Metropolitan Park).
